“ Condolences to the Williams family on the loss of a wonderful and loving person. As a former co-worker of Mrs. Shirley as we called her, i can say that she helped me a lot as a new and upcoming Supervisor at Ethox Chemicals. She was a very caring lady, who took pride in her job . She was willing to share anything and everything that was needed to help make you better and more knowledgeable . She would often cook and bring into work whatever she prepared for the entire shift, and if you had any questions about Qc analysis she explained it to you. She will really be missed (Tracy Smith)
