“ *Steve was a great man, a great friend and I was lucky enough to be one of his friends. Steve would drive by anyone and stop and roll his windows down to talk and check how you were doing. He didn't care how his day was going, he just wanted to make sure when he was done talking to you, that you were good. Steve was no stranger to anyone that he crossed paths with, when you crossed his path you would become his friend. He had a huge heart for the employees and staff. He has went out of his way on many occasions to even help me out. Let's not see this as a death but as the Lord needed him up there for his kindness. Rest In Peace my friend and may you and the Lord watch over your family and keep them safe.*

“ *I'm so sorry to hear of Steve's passing. It was a pleasure getting to know Steve when I worked at Lockheed Martin. Steve was always very helpful to get things done and did so with a great attitude. Steve was very easy to talk to and we shared many stories with each other and he will be greatly missed by all those that knew him. Steve is in Heaven now giving praise to his Lord and Savior Jesus Christ. I pray that all of Steve's family and loved ones will find comfort during this time of grief.*

“ I'm so grateful to have had the chance to work with Steve and to have known him as a friend. He was an extraordinary person who made a lasting impact on our organization. You could always count on Steve to stop by and have a good story to tell. He was a kind heart who always went above and beyond to take care of all of us here at Lockheed. My heart goes out to your family, and I hope you find peace and comfort in the days ahead.

“ Steve was an amazing kind man. I got the joy of getting to be on his team at the Quilts of Valor top golf event. We had a wonderful time and he constantly checked on me at the office when we crossed paths. He genuinely cared about people and the world is just a little less bright without him.

“ Every time I saw Steve he was smiling and helpful, a true teammate to all of us. Last week he was beaming telling me about his son working at Arthrex, and how proud he was of him and the position he held there. Steve will be missed greatly by all and it was an honor to know him.
