“ *I am saddened to hear about Susan's passing. She never let anything get in her path that she wasn't going to slow her down or allow any sort of defeat. I can see her pulling up in her Corvette at the old office of Dr. Dixon and the old staff. We all loved Susan and she was a motivation to us all. I shared many great laughs with her over the years as I served her with her eye care needs. I had the opportunity and privilege to get to know her not only as a patient but also as a friend. Susan always had a sparkle in her eye, an infectious giggle, and lived in the present. I am sorry for your loss but I'm grateful for knowing Susan. May your family be comforted by knowing that she touched many people's lives. God be with you and give you peace. Deepest Condolences, Angie AshmoreKruise

“ My family moved to Greenville in 1977. Being a freshman in a new school was tuff. Little did I know that the person who sat by me in Mr. Cannon's class would be my best forever friend. Few people have friends that would support each other thru the good and bad times. Susan was very smart, funny and yes, very stubborn! Her family and my family "adopted" excepted both of us. I will surely miss her and loved her very much.
