“ *Morris, Myra, and Chris...I am so sorry that you guys have to say goodbye to your mom! I know the heartache and pain you feel right now! Be glad that you have had her with you all these years to enjoy and get to know her! I remember coming to your house when I was a kid and all those fine meals we had there, and Grandma Suddeth and your mom making me feel like I was one of you! I wish things had stayed that way through the years and we could have all continued to be close...I think my mom would have wanted it to be that way. At least not the two sisters and their mother are up in heaven catching up on old times and watching over us from above until we are with them on the other side!*
