“ Tommy was a great man that was taken too soon. I enjoyed every talk we had no matter if it was just letting him vent his frustrations. Some days I would walk through the shop he would just be mumbling to himself but I would stop and just say what so I could listen to him work things out or to let him know that I would listen. Or the best were when I would ask questions that had nothing to do with work, he was always willing to state his thoughts without feeling the need to be fake. I loved that about him. He always made me feel like I was included in the group of technicians. I will miss him dearly. Rest in peace Tommy, I only hope you knew how much you touched my heart.

“ I am a better person for knowing Tommy Hensen! From a professional perspective he challenged me to do what was right not for him but for the good of the team! He was genuine and kind. Maybe not the most jovial of guys but he could always make you laugh. A great golfer and someone that had the patience to play with one of the worst. Dave Edwards Toyota will miss your presence and I as an individual will miss having you a part of my life. I hope you are enjoying the life after and pray to play golf again with you my friend! Rest In Peace knowing you will be remembered!

“ Tommy was a great man and was certainly an inspiration to me and my career. He shared much knowledge with me throughout these past five years of me working with him. His stubborn was and gritty personality acted as a magnet to me, drawing me closer to him. I am deeply saddened about the loss of this man but I can say a part of his legacy will live on with me through the knowledge he shared with me as well as our fellow co-workers. May God rest his soul and ease the minds and hearts of his family and friends. God bless you Tommy Henson and thank you for the opportunity to get to know you.

*With much love and respect,
Kyle Hicks*
