“ We have known Tony for about 30 years, we played many places and many different types of music together. We didn't really care what we played, we had fun together and we tried to play it right. He was someone who you could count on. I will miss him, if there was not a Tony Smith in this world, we would have had to invent one. My heart goes out to Teresa and the family. Dianne and I saw them at the house not long ago, and I missed them when they came by our house just days ago. Life is so short , love the people you care about, they are that matter in the end

“ I have many memories of time spent with Tony, but my favorite one showed his kindness and generosity, as well as his love for music and the friends it brought him. In spite of a busy agenda during a trip to Atlanta (he had three basses he wanted to look at - didn't he always?), he stopped by my place and took the time to help me learn the bass line to David Lindsay's version of, "Brother John," a Neville Brothers song. He was not familiar with the song or that particular version, so I was amazed by how quickly he picked it up, and how patient he was with my fumbling fingers. I never could it right, but I never forgot that time spent with him, a brother in music, and an incredibly good friend. I will miss him. Teresa, I wish you Godspeed as you make this part of your journey in coming to peace with your loss.

“ My fondest memories of Tony, were when he would come by our house in Taylors, and Tony and Dad would be down in the basement playin for hours.He would always show up with a smile, and was always happy go lucky kind of guy. I used to listen to his first album alot, and was amazed at his talent.. He will be missed, Godspeed to the family.

“ Tony - you will always be remembered and loved. Your smile, your laughter - all the things that made you special. My childhood memories are filled with all the fun us kids had growing up on Hammett Bridge Road. You sang and played Daydream Believer for me for my 12 th birthday - that I will always remember and cherish ! Although we never saw each other after adulthood - we still kept in touch through Facebook - and I will always be thankful for your friendship. Teresa, you are in my thoughts and prayers .
