“ I will miss you Wanda. You “called them like you saw them” but oh in such a funny way 😂. I didn't get to be around you much but that was only because of the miles of distance between us, wished it could have been more. Rest In Peace and be sure to keep the humor going in heaven. Love to you and your family during this difficult time.

“ To my dearest friend of 51 years. We had some great times that I’ve thought of over the last days. I’ve laughed. I even thought that I needed to call you then I remembered. You were very loved. In our years of friendship we only really got mad maybe 5 times. We always supported each other and accepted each other for who we were. I was so proud of you finishing radiology school. You could do anything you put your mind to. You were always funny. That’s all we did was laugh when we were together. I will keep your secrets. My life has a hole in it that only you could fill. I’m only sorry for the battles that you had to fight these past few years but your rewards in heaven will be many. You were beautiful inside and out. I was so happy how your girls took care of you. They were the love of your life. So were your grandchildren. I miss you I love you and I will see you again love Teresa
