“ *Wayne was my friend and he taught me many things. His dedication to technical excellence at his church was unbelievable. Wayne left a system that will be in place for years, but more importantly he left a high standard for sound, video and projection at Poplar Springs Baptist Church. Wayne loved the Lord and was eager and willing to serve Him. His dedication to his technical ministry and dependability to the task was amazing. We have missed Wayne at church since covid made it not advisable for him to attend in person. He helped to solve many problems remotely to keep his master design working. Wayne and Christopher put miles of wire in PSBC to fulfill his technical vision for the church. So long my friend, I will do my best to continue the excellence. You are missed. Terry Harris*

We spent a lot of time with them when he was growing up, and I am grateful for that time. I'm sorry we didn't have more time with him . I'm glad I got to see him Saturday. We will miss him.
